Defence news

The Indian Defence Accounts Department is hosting its Controllers' Conference 2025 from July 7 to 9. The conference will be inaugurated by Defence Minister Rajnath Singh and will focus on the theme of "Transforming Financial Advice, Payment, Audit and Accounting through Defence Finance and Economics," reflecting a paradigm shift towards digital transformation and strategic financial advice in the defence sector.

Key global defence events include the ongoing Exercise Talisman Sabre 2025, which showcases a significant increase in scale and participation from 19 nations, including first-time participant Papua New Guinea. This joint military exercise, led by the U.S. and Australia, is a clear signal of strengthening allied interoperability and a strategic response to growing regional coercion.

In a key international development, India's National Security Advisor (NSA), Ajit Doval, is in Moscow to discuss defence and security cooperation with senior Russian officials. The discussions also include a response to the threat of new tariffs from the U.S. on Indian goods due to continued oil purchases from Russia.
