International News

Russia-Ukraine Conflict:

A "massive" Russian missile and drone attack on Kyiv killed at least three people and injured a dozen others. The attack caused significant damage to residential buildings.

This attack occurred amid stalled diplomatic efforts toward a peace deal, which have been led by U.S. President Donald Trump.

U.S. Visa and Trade Policy:

The Trump administration has proposed a new regulation to tighten the duration of visas for international students, cultural exchange visitors (J visas), and media members (I visas). This is part of a broader crackdown on legal immigration.

The regulation would create a fixed time period for these visas, requiring holders to apply for extensions.

New U.S. tariffs on Indian goods have gone into effect, with a 25% additional duty, bringing the total levy to 50%. This has prompted India to consider diversifying its trade relationships.

Other International Developments:

Russian forces are reportedly making gains in Ukraine's Dnipropetrovsk region.

The United Nations has formed a global advisory panel on Artificial Intelligence.

Iran is facing renewed sanctions over its nuclear program.

In Myanmar, residents report that a junta airstrike killed 12 people in a starving province.

Denmark has summoned a top U.S. diplomat over allegations of covert American influence operations in Greenland.

The head of the International Atomic Energy Agency (IAEA) is receiving special police protection due to threats as a deadline approaches regarding Iran sanctions.
