National News

➤ **Gogabeel Lake in Bihar Declared Newest Ramsar Site**

Gogabeel Lake, located in the Katihar district of Bihar, has been officially designated a Ramsar site, gaining global recognition as a wetland of international importance. With this, India adds yet another name to its growing list of protected wetlands under the Ramsar Convention, strengthening its commitment to wetland conservation and biodiversity protection.

Geographical Points:

- Bounded by the Mahananda River to the northeast and the Ganges River to the south.
- Located in the Katihar district of Bihar, it was declared the first community sanctuary in Bihar, reflecting community participation in its conservation.

National News

➤ **India Exports Fortified Rice to Costa Rica**

In a landmark step that merges health, technology, and international trade, India has exported its first consignment of fortified rice kernel (FRK) to Costa Rica. This 12-metric tonne shipment from Chhattisgarh, facilitated by the Agricultural and Processed Food Products Export Development Authority (APEDA), marks a new chapter in India's agricultural exports. It also strengthens the country's role in combating malnutrition globally, aligning with the domestic Kuposhan Mukht Bharat mission.

Key Points:-

- Fortified rice kernels are made by combining rice flour with important micronutrients like iron, folic acid, and vitamin B12.
- They are then shaped into rice kernels through a process called extrusion and mixed with regular rice in a specific ratio.

International News

➤ India to Resume Approvals for Chinese Imports After Five-Year Freeze

In a significant policy shift, India is set to resume approvals for importing goods from China and other countries, ending a five-year freeze imposed after border tensions escalated in 2020. According to government sources, the move is part of a larger strategy to ease supply chain disruptions, support domestic industries, and meet surging consumer demand, particularly following recent Goods and Services Tax (GST) reductions.

Key points include:

- Expedite pending proposals from Indian firms for components and finished goods
- Re-evaluate the need for certification of overseas manufacturing facilities
- Balancing domestic production needs with import flexibility

Appointments

➤ Sanjay Garg Takes Charge as Director General of BIS

Senior civil servant Sanjay Garg of the IAS 1994 batch (Kerala cadre) has assumed charge as Director General (DG) of the Bureau of Indian Standards (BIS) effective November 2025. This appointment places him at the helm of India's national standards body, with additional responsibility as the President of India's national committee in the International Electrotechnical Commission (IEC).

Key Points:-

- BIS is India's national body responsible for setting standards for products and services, ensuring quality, safety, and reliability for consumers, industries, and markets.
- It plays a key role in supporting national policy objectives in areas such as consumer protection, food safety, industrial regulation, and hallmarking.
